A not-for-profit Society promoting resolution of construction disputes by means of adjudication

THE SOUTH WEST AND WALES Region of the ADJUDICATION SOCIETY – NEW YEAR NEWSLETTER

We wish all our members a Happy New Year. A big thank you to all those who attended the Society's Annual Conference in Bristol last November. Both the speakers and the venue were excellent. Attendance was the highest for many years, at 150 delegates, easily beating London last year, so members everywhere clearly love Bristol!

Please do not forget to renew your membership with the Adjudication Society, with renewals due by January.

Our next event, repeated by popular demand, is our New Year Dinner.

Event Talk followed by New Year Dinner

Speaker Peter Mansfield – Adjudication and Professional Negligence. Peter is a partner in law firm RPC. He was a member of the committee which devised and implemented the new adjudication scheme for professional negligence disputes. He will discuss the lessons learned from construction adjudication, the creation of the new professional negligence scheme, its introduction into the CPR professional negligence pre-action protocol, how it is working in practice and what he thinks construction could learn from it.
