## ***AN ADJUDICATION UPDATE***

**By webinar on Thursday 3<sup>rd</sup> September 2020  
From 10:00 am till 11:00 am  
via the Zoom platform**

**Our Speaker**

***HARRY SMITH, BARRISTER AT KEATING CHAMBERS***

The Supreme Court decision in *Bresco v Michael J Lonsdale* is set to change the adjudication landscape in cases of insolvency. But with the equal emphasis on the right to adjudicate at any time and the recognition of its value as a dispute resolution mechanism in its own right, what other changes can we expect? Harry will look at these related issues. In addition, Harry will touch on several other recent adjudication enforcement and Part 8 decisions.

Harry is a well-known and highly respected construction specialist and his views will be of great interest to all those involved in construction dispute avoidance and resolution. There will be the opportunity for questions to be submitted using the 'chat' facility during the webinar. Time will count towards education hours.
